Report of Principal and School Improvement Council

At Rice Creek Elementary our 19th year of teaching and learning has been focused on increasing student engagement and developing and maintaining effective partnerships in order to maximize student learning. Our faculty currently consists of 14 National Board Certified teachers. One hundred percent of our faculty and staff participated in professional development opportunities throughout the year to develop our shared beliefs and to evaluate current processes, procedures, and teaching practices. Our magnet program, eFIT (The Environmental Fitness Academy), showed continued growth with the eFIT festival, which allowed us to connect more with our community and local businesses. As a Professional Development School, through a partnership with the University of South Carolina, Rice Creek had 11 interns and student teachers as well as a math practicum class for 20 college students who are on track to be teachers. This year Rice Creek was awarded a Department of Defense grant. Through this grant we have been able to connect more, not only with our military families, but with all of our stakeholders. This grant also provided us with the resources to invest in technology and professional development, and in doing so, improve the quality of teaching and learning in our school. Prior accomplishments for Rice Creek Elementary include being recognized by the SC Education Oversight Committee as a Palmetto Silver School for General Performance and for Closing the Achievement Gap, National Blue Ribbon School of Excellence, National Blue Ribbon Special Emphasis Award Winner for Technology, Exemplary Writing Award Winner and Hall of Fame Member, two-time Red Carpet Award Winner, and a Flagship School of Promise. These awards and honors are directly related to the hard work and dedication of our students, parents, faculty, staff, and community members. This year our SIC analyzed the survey results and developed an action plan for future school improvement initiatives. They also met with the PTO board to discuss key ideas regarding school improvement. Next school year, the SIC plans to foster professional discussions, involving all stakeholders, focusing on school uniforms and the school report card to ensure improved communication between the school and home. School-wide service projects were sponsored for various needs such as: a Zumbathon and food drive in partnership with our PTO for Harvest Hope Food Bank, Toys for Tots, funds through Jump Rope for Heart for the American Heart Association, Breast Cancer Awareness, Leukemia/Lymphoma Society Valentine Sale, March for Meals 5K Run, and Pennies for Patients. Our PTO efforts and support allowed us to enhance the physical environment of our school with murals which connect the hallways with the learning in our classrooms. They also assisted us in improving the number of library books we have available for our students in order to meet their literacy needs. We are extremely proud of our accomplishments at Rice Creek Elementary and know that these are only possible through the support of our parents and community. Sean Bishton, Principal
Patrice Sanders, SIC Chairperson

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	90.2
